

Factsheet - Leakage

The CA cannot recommend individual companies or their products. The following is a selection of companies/products which may assist in the management of your condition. It is up to you to decide which company/product best suits your needs. You may also wish to conduct your own research.

Please note persistent leakage problems require advice from a stoma care nurse who will be able to suggest a more suitable appliance or accessories.

Stoma Collar

Dermacol

Flange Extensions

Although these will give more time to find somewhere to change the appliance they will not prevent the initial leakage under the flange which if left for too long can lead to sore skin.
