

## Factsheet - Pouch Covers

**The CA cannot recommend individual companies or their products. The following is a selection of companies/products which may assist in the management of your condition. It is up to you to decide which company/product best suits your needs. You may also wish to conduct your own research.**

A pouch cover can be both pretty and practical to an Ostomate. It will absorb sweat where the pouch is in contact with the skin, thus avoiding discomfort. It can also conceal the appearance of the pouch, and its contents, which will give you more confidence.
