

Factsheet – Swimwear

The CA cannot recommend individual companies or their products. The following is a selection of companies/products which may assist in the management of your condition. It is up to you to decide which company/product best suits your needs. You may also wish to conduct your own research.

Although a good range of swimwear is available in the High Street, having a swimsuit designed for ostomates may give you more comfort and confidence.

Comfizz

Waistband support wear that can be worn under regular swimwear for that extra layer of security. This is a simple but effective modern support garment offering a flexible solution to many of the common difficulties faced by adults & children living with a stoma.
