

Factsheet - Websites

www.breakaway-visit.co.uk

Weekend activity breaks designed for young people aged 4-18 with bowel and or bladder diversions/dysfunctions.

www.colostomyassociation.org.uk

Our charity provides advice on the day to day aspects of living with a colostomy. We provide a 24 hour helpline, advisory literature, a quarterly magazine and secure Facebook forum. Our website contains a wealth of information for colostomates.

www.c3life.com

A website dedicated to helping people with ostomies live life to the full.

www.crohns.org.uk

A resource for the management and treatment of Crohn's Disease and other IBDs designed to help both patients and healthcare professionals.

www.cicra.org

Cicra is dedicated to creating a wider understanding of Crohn's Disease and Ulcerative Colitis, particularly as it affects children and young adults.

www.diversions.org.uk

A support network based in North West England for families with a child or young person living with a bladder or bowel dysfunction/diversion. This network provides opportunities for people to experience a range of different fun activities.

www.living-with-a-stoma.co.uk

This site is not just for new ostomates as everyone can learn something new every day. With a little care and common sense, ostomates can keep themselves and keep their stoma healthy.

www.nacc.org.uk

Crohns & Colitis UK brings together people of all ages, who have Crohn's or Ulcerative Colitis, as well as their families and health professionals involved in their care.

www.ostomyland.com

This is a sister site to Ostomy Support and it has an ostomy message board and forum.

www.ostomy.org

The United Ostomy Association of America (UOAA) provides support, information and advocacy to ostomates and their caregivers.

www.ostomates.org

This site provides lots of information. You may already have had surgery or be contemplating it because of Ulcerative Colitis or Crohn's Disease or some other cause of surgery.

www.stomawise.co.uk

Internet based support network for people who have undergone any of the following surgery procedures: ileostomy, colostomy or urostomy surgery. Provides a central point where ostomates can resource information and find answers through communicating on their forum.

www.uncoverostomy.com

Online awareness campaign shaping a positive conversation about the stoma in social media spaces.

www.yodaa.org

The Young Ostomates and Diversion Alliance of America (YODAA) provides both community and resources to young adults with ostomies, diversions or are preparing for similar surgery. It is dedicated to providing education, information and support as it addresses the concerns of young adults aged 18 to 35.
